

68 pin Breakout Interface Model VSI-Breakout-68

Features

- ◆ Color coded Test Points for every signal on each connector
- ◆ Jumper per connection to open circuit or insert signal.
- ◆ Pre-mounted on standoffs for multiple mounting options

Applications

- ◆ Debugging / verifying signals
- ◆ Injecting known stimulus in signal/cable
- ◆ Re-wiring or crossing signals
- ◆ Disconnecting signals

General Description

The VSI-Breakout-68 is a very useful tool in debugging signals or software in a system. It allows unlimited access to signals within the cabling that might otherwise be difficult to access. The board gives test points at each side of the connector and jumper with a easy to use tabbed shunt to allow for easy disconnection of any particular signal between the connectors. The jumpers also give an opportunity to inject a signal regardless of what signal was originally being driven.

Key Specifications

- ◆ Mounting holes for #6 screws
- ◆ All Test Points are labeled according to connector pin number
- ◆ 0.07" Diameter Test Points
- ◆ 0.1" Jumpers with tabbed shunts
- ◆ All Jumpers label with pin number

VSI-Breakout-68 Specifications

Input

Connector type: DSUB 68; 0.05" pitch

Gender: Male

Screw locks: Yes (removable)

Mating material: Gold contacts; shell is tin

Output

Connector type: VHDCI 68

Gender: Female

Screw locks: Yes (removable)

Mating material: Gold contacts; shell is tin

Test Points

One Test point per Connector Pin

Test Point Color: Red and Black signifying connector

Size: Wire form loop with 0.07" inside diameter.

Secure grip for J hooks, EZ hooks, grabbers, alligator clips, tips or probes

Jumpers / Shunts

Jumper:

Size: 0.1"x0.1", 0.025" Square post

Mating material: Gold over Nickel

Shunt:

Plastic tab for easy removal/insertion

Mating Material Gold over Nickel

Options

Cable

68pin Shielded M/M 1M; Order Part number:VSI-Cable-68-1

68pin Shielded M/M 2M; Order Part number:VSI-Cable-68-2

Pack of 10 Multi-colored 12" jumper cables;

Order Part number: VSI-Jumper10Pack

0.55" Component Height Max
